Today federal and state authorities raided my office. This is part of the ongoing investigation into the County Administration.

First, I want to make it clear that I and my administration have been completely forthcoming and transparent throughout this process.

We have been fully cooperative and readily supplied all information and document requested.

I want to state very clearly that I have done nothing wrong.

This latest development is without justification. I can only say that it is what looks like a political move. We have taken this investigation very seriously. Unfortunately, the actions today have turned it into a political circus.

I am in this office to improve lives of people across this county. That is what I have done every day since I was elected and that is what I will continue to do. I made a promise to the people of this county and I will keep it. I will not let them down.
